During reading today, my teacher saw me use these strategies:

— —

-  touch words to keep track and check my reading
-  use the beginning sound(s)
-  look at the picture
-  think what makes sense based on what I've seen/read in the book or know
-  find bits and then use them to sound out
-  sound out the entire word (3-4 letters)
-  chunking the beginning and ending of long words

What strategy should I practice more?
